ABSTRACT

In cooperation with Maryland's public and private postsecondary educational institutions, the Maryland Council for Higher Education provides this publication to disseminate information on admissions requirements, tuition and required fees, program offerings, and student financial assistance available to Maryland residents. It is published annually and provides a description of both state and federal financial aid programs, the Council's policies for student transfer, and a profile of expenses, admissions and financial aids at institutions of higher education in Maryland, by institution. (JMF)

Documents acquired by ERIC include many informal unpublished materials not available from other sources. ERIC makes every effort to obtain the best copy available. Nevertheless, items of marginal reproducibility are often encountered and this affects the quality of the microfiche and hardcopy reproductions ERIC makes available via the ERIC Document Reproduction Service (EDRS). EDRS is not responsible for the quality of the original document. Reproductions supplied by EDRS are the best that can be made from the original.

INTRODUCTION

In cooperation with Maryland's public and private postsecondary educational institutions, the Maryland Council for Higher Education utilizes this publication to annually disseminate information on admissions requirements, tuition and required fees, program offerings, and student financial assistance available to Maryland's citizens seeking educational opportunities beyond high school.

The publication reveals that Maryland's high school graduates have a wide variety of program opportunities available to them in the State's postsecondary educational institutions. The Maryland Council for Higher Education encourages high school counselors and college administrators to share this publication with students so they may be aware of these opportunities.

The Council makes this publication available to any student, faculty member or administrator upon request. Copies of the publication have been forwarded to: College administrators, pupil services personnel and high school counselors in the State of Maryland.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

I. DESCRIPTION OF FINANCIAL AIDS

I. State Programs

MARYLAND STATE SCHOLARSHIPS

The General Assembly of the State of Maryland has enacted legislation creating several programs of scholarships and grants to help those citizens of the State who need financial assistance in order to secure for themselves the benefits of a college education, on both the undergraduate and graduate levels.

GENERAL STATE SCHOLARSHIPS

Eligibility:

Any Maryland high school senior, or graduate of prior years, is eligible to compete for a General State Scholarship. A candidate already attending college who has completed at least one academic year and who is in good academic standing may be awarded a General State scholarship without having to take the qualifying examination.

Number of Scholarships

No fixed number of awards is provided. Each county and each legislative district of Baltimore City is allocated a percentage of the total General Scholarship funds based on the number of Delegates it sends to the Maryland General Assembly.

How Awarded:

Awards are made by the State Scholarship Board based upon the student's scores on the College Entrance Examination Board Scholastic Aptitude Test (SAT) and demonstrated financial need. Scores earned on the American College Testing (ACT) examination are acceptable for students who have not taken the SAT and who must take the ACT for college admission.

Value of Award:

Each scholarship unit has a value of $100. Units may not be divided. No recipient may be granted more than 15 units ($1,500.) or less than 2 units ($200.) per year. The stipend may be applied to the costs of tuition, mandatory fees, and/or room and board.

Eligible Institutions:

Eligible institutions are those degree-granting institutions of higher education within the State of Maryland whose curriculums are approved by the State Department of Education.

Conditions of Award:

Each scholarship recipient is required to:

1. Be a legal resident of the county or Baltimore City legislative district from which he expects to receive a scholarship award.
2. Have a definite financial need.
3. Be accepted for admission as a full-time student (minimum 12 semester hours) in one of the eligible institutions.

Application:

A student who wishes to be considered for a General State scholarship must file an application card AND a Parents' Confidential Statement (PCS) with Educational Testing Service, Princeton, New Jersey 08540 NO LATER than December 15of the year prior to award. Detailed instructions on how to apply are on the application forms. The required forms may be obtained from any high school or college in the State, or from the State Scholarship Board.

SENATORIAL SCHOLARSHIPS

Description:

Each State Senator has an annual quota of scholarship units which may be awarded to residents of his Senatorial district or subdistrict. Recipients of Senatorial Scholarships may place them with any one of the eligible institutions.

Eligibility:

Any Maryland high school senior, or graduate of prior years, is eligible to compete for a Senatorial scholarship. A candidate already attending college who has completed at least one academic year in good standing may be awarded a scholarship without having to take the qualifying examination.

How Awarded:

Senatorial Scholarships are awarded on the basis of a student's financial need. Scholarship appointments are made by the appointing authority for the Senatorial district or subdistrict in which the applicant resides. Applicants may not be considered if all application procedures have not been followed.

Value of Award:

Each scholarship unit has a value of $100. Units may not be divided. No recipient may be granted more than 15 units ($1,500.) or less than 2 units ($200.) per year. The stipend may be used for tuition, mandatory fees, and/or room and board.

Eligible Institutions:

Eligible institutions are those degree-granting institutions of higher education within this State whose curriculums are approved by the State Department of Education.

Conditions of Award:

Each scholarship recipient is required to:

1. Be a legal resident of the legislative district from which he seeks an award.
2. Be accepted for admission to the regular undergraduate program of the institution at which the award is to be used.

Application:

A student who wishes to be considered for a Senatorial scholarship must file an application card AND a Parents' Confidential Statement (PCS) with Educational Testing Service, Princeton, New Jersey 08540. IN ADDITION, a Senatorial scholarship candidate must file a "special" Senatorial application with his State Senator. Detailed instructions on how to apply are on the application forms. The required forms may be obtained from any high school or college in the State, or from the State Scholarship Board.

HOUSE OF DELEGATES SCHOLARSHIPS

Each member of the House of Delegates may appoint during his term of office two (2) students from his district, selected on any basis, who shall be educated free of charge for tuition and mandatory fees at the University of Maryland, any Maryland State college, St. Mary's College of Maryland, or any public community college within the State. Grants used at the private colleges within the State shall not exceed $750 per semester. The Delegate scholarships may be divided at the discretion of the Delegate into equal two-year scholarships and four students may be appointed to two-year scholarships, or one student may be given a four-year award and two additional students may receive two-year scholarships. These scholarships may also be used on a part-time basis (minimum 6 semester hours). Application should be made directly to the State Delegate.

WAR ORPHANS GRANTS

Description:

The War Orphans awards were established by the Maryland General Assembly to provide a certain measure of financial aid to those children who lost one or both parents during and after World War II in military service, or whose parent is a totally and permanently disabled veteran. The statute was amended in 1973 to include children of certain service personnel classified as M.I.A. or as a P.O.W.

Eligibility:

Any child between the ages of 16 and 23 whose parent was a legal resident of the State of Maryland prior to entering the Armed Forces and whose parent was killed in action or who died or was totally and permanently disabled as a result of such service after December 7, 1941, is eligible to apply for this aid. In addition, the child of any person in the Armed Forces who was declared by the Department of Defense to be a P.O.W. or M.I.A. as a result of armed conflict in Southeast Asia on or after January 1, 1960, who at the time he was declared to be a P.O.W. or M.I.A. was a resident of Maryland is eligible. Only children born prior to or during the time the person was a P.O.W. or M.I.A. are eligible for a grant. These awards are not based on competitive examinations. The awards are made by the State Scholarship Board upon proper legal certification of eligibility.

Value of Award:

The State will pay up to $500 per year to the approved institution selected by the student.

Eligible Institutions:

Any school approved by the Maryland State Scholarship Board which offers post-high school education or training is an eligible institution. Eligible schools may be either in-State or out-of-State institutions.

Application for such aid should be made through the State Scholarship Board.

"OTHER RACE" GRANT PROGRAM IN THE STATE'S COLLEGES AND UNIVERSITIES

The Other Race Grant Program provides assistance to qualified students to enable them to attend one of the participating State Colleges and Universities where their race is in the minority. Participating institutions are Bowie State College, Coppin State College, Frostburg State College, Salisbury State College, St. Mary's College of Maryland, Towson State College, Morgan State University, and the University of Baltimore.

Eligibility:

Financial aid officers at the participating colleges are responsible for determining which undergraduate students are eligible and the amount of the grant, based on the students' financial needs.

Only United States citizens who are legal residents of the State of Maryland are eligible to receive a grant.

Terms and Conditions:

There are no repayments. If matching funds are used from Federal or other student assistance programs, the student is obligated to abide by the rules of that program.

The student will be guaranteed an annual amount (two semesters); however, the grant will be administered on a semester basis.

Grant continuance for the succeeding semester is subject to the student's ability to maintain "good standing". A student is in "good standing" when he is eligible to continue in attendance at the College in which he is enrolled, in accordance with the College's standards and practices.

Once that student has been awarded a grant, he is eligible to re-apply for a grant continuance for the succeeding year.

VOCATIONAL REHABILITATION GRANTS

The Division of Vocational Rehabilitation sponsors eligible handicapped individuals to post-high school training and specific college training when indicated. For more information contact the local Maryland Rehabilitation office.

REIMBURSEMENT OF FIREMEN

Description:

Firemen, rescue squadmen, volunteer firemen and volunteer rescue squadmen are entitled to be reimbursed by the State Scholarship Board for tuition costs of programs of study in "fire service technology" or related courses.

Eligibility:

Applicants must be actively employed as a fireman or rescue squadman in an organized fire department or rescue squad in the State, or be engaged as a volunteer fireman or volunteer rescue squadman in an organized volunteer fire department or volunteer rescue squad in the State.

How Awarded:

Reimbursement may be made one year after the successful completion of each year of study upon application to the State Scholarship Board.

Value of Award:

Reimbursement will be made to cover the full cost of tuition for programs of study which are credited toward the requirements of a college degree in "fire service technology."

Eligible Institutions:

Eligible institutions are those degree-granting institutions of higher education and junior colleges within the State of Maryland whose curriculums are approved by the State Department of Education.

Application:

Application for reimbursement should be made through the State Scholarship Board.

CHILDREN OF DECEASED FIREMEN, LAW ENFORCEMENT OFFICERS, AND RESCUE SQUAD MEMBERS

Eligibility:

Any child between the ages of 16 and 23 whose parent was a fireman, professional or volunteer, a law enforcement officer, or a member of a rescue squad, of the State or any of its political subdivisions, killed in line of duty may apply for one of these scholarships.

How Awarded:

These awards are not based on competitive examinations. The awards are made by the State Scholarship Board upon proper certification of eligibility and upon demonstrated financial need.

Value of Award:

These scholarships have a maximum value of seven hundred dollars ($700.) per year and may be applied toward the cost of tuition, matriculation fees, room and board, books and supplies.

Eligible Institutions:

Eligible institutions are those degree granting institutions of higher education within the State of Maryland whose curriculums are approved by the State Department of Education.

Application for such aid should be made through the State Scholarship Board.

SCHOLARSHIPS FOR TEACHERS OF THE DEAF

Eligibility:

Eligibility is limited to those persons who (1) are senior undergraduate students or candidates for a Master's Degree in the area of education of persons with impaired hearing, including the deaf, (2) are recommended by the training center after consultation with the Maryland State Department of Education, and (3) have the requisite financial need.

Number of Scholarships:

Thirty scholarships are awarded each year, 15 scholarships for teachers in the School for the Deaf and 15 scholarships for teachers in the Public Schools or State approved Non-public schools.

How Awarded:

Scholarships are awarded by the State Scholarship Board on the basis of the candidate's application and financial need.

Value of Award:

Each scholarship is in an amount equal to the annual costs of tuition at the training center.

Eligible Institutions:

Any accredited college or university in this State having a program approved by the Maryland State Department of Education for the training of teachers of persons with impaired hearing, including the deaf.

Application should be made through the State Scholarship Board.

MEDICAL SCHOLARSHIPS

The State of Maryland has authorized a number of scholarships to the School of Medicine of the University of Maryland for the courses of study leading to the degree of Doctor of Medicine.

Eligibility:

These scholarships may be awarded only to persons who:

1. Have been residents of Maryland for at least five years preceding the date of award.
2. Have received or will receive in the year of award a bachelor's degree from an accredited college.
3. Have been admitted to the School of Medicine of the University of Maryland.
4. Have definite financial need.
5. Give bond that they will engage in the general practice of medicine for three (3) years in an area of need in this State. The area of need shall be determined by the State Department of Health in consultation with the Medical and Chirurgical Faculty of Maryland.

Number of Scholarships:

Ten scholarships are awarded each year by the State Scholarship Board.

Value of Award:

Each scholarship has a value of $1,500 per year and may be held for four years.

Application:

Application for a Medical scholarship should be made through the State Scholarship Board or the University of Maryland School of Medicine.

PROFESSIONAL SCHOOL SCHOLARSHIPS

Description:

Proceeds from a fee for special motor vehicle license plates are to be used for scholarships in the professional schools of medicine, dentistry, law, nursing, and pharmacy.

Eligibility:

Any student who has been a resident of this State for one year preceding the date of award and who has been admitted as a full-time student to one of the specified professional schools may apply for a scholarship.

Number of Scholarships:

The number of awards will be determined by the amount of money paid into a special fund for the use of these scholarships.

How Awarded:

Awards are made by the State Scholarship Board on the basis of the demonstrated financial need of the applicant.

Value of Award:

Each scholarship has a value of $200. - $1,000. per year towards tuition only. The money is paid to the eligible institution.

Duration of Award:

Contingent upon the amount of money paid into the special fund, one year scholarship renewals may be granted. However, no scholarship recipient may hold an award for more than four academic years.

Eligible Institutions:

Eligible institutions are those degree-granting institutions of higher education in this State which have established schools in the specified professional areas.

Application:

Applications for Professional Scholarships may be obtained from the Professional School or the State Scholarship Board.

UNIVERSITY OF MARYLAND FELLOWSHIPS

The General Assembly of Maryland has created a number of Fellowships for postgraduate work in the Graduate School of the University of Maryland at College Park.

Eligibility:

Each fellowship recipient is required to:

1. Be a graduate of an accredited four-year college.
2. Be recommended for graduate study by the president of his college.
3. Execute an agreement that he will teach in a public institution of higher learning in the State of Maryland for a minimum of three(3) years following graduation.

Number of Scholarships:

Twelve (12) fellowships are awarded each year.

How Awarded:

Awards are made by the Fellowship Committee of the University of Maryland.

Value of Award:

Each award carries a maximum stipend of $2,500 per year and may be held for three years.

Application:

Application should be made to the Fellowship Committee at the University of Maryland, College Park, Maryland, 20742.

FAMILY PRACTICE RESIDENCY AWARDS

The State of Maryland has authorized the State Scholarship Board to award 20 annual Residencies in Family Practice to be distributed among the hospitals in Maryland which offer accredited Family Practice Residency programs.

Eligibility:

These grants may be awarded to persons who:

1. Are graduates of and holding a medical degree from an approved medical school
2. Have been accepted into an approved Family Practice Residency program in Maryland
3. Furnish a surety bond to the State of Maryland that they will engage in the family practice of medicine for three years in an area of need within this State.

Value of Award:

Each grant is in the amount of $15,000 per year and may be held for not more than three years.

Application should be made through the State Scholarship Board.

VETERAN'S GRANTS

Description and Eligibility:

All Vietnam veterans who are Maryland residents and who were domiciled in Maryland immediately prior to induction into the armed forces and who were declared by the United States Department of Defense to be prisoners of war as a result of United States participation in armed conflict in Southeast Asia on or after January 1, 1960, shall be entitled to attend, full or part-time, free of charge for tuition and mandatory fees the University of Maryland, St. Mary's College of Maryland, any State college, or any community college within the State.

Conditions of Award:

Once appointed to receive the scholarship, the recipient may hold the award subject to the following conditions:

1. The recipient must have been accepted for admission to the regular undergraduate program in one of the eligible institutions.
2. All full-time students must be enrolled for a minimum of twelve (12) semester hours and may receive the award for not more than four years.
3. All part-time students must be enrolled for a minimum of six (6) semester hours and may receive the award for not more than eight years.

Application should be made through the State Scholarship Board.

2. Federal Programs

The passage of the 1972 Higher Education Bill substantially changed most federally sponsored aid programs. While many interpretations and guidelines are still pending in the Commissioner of Education's office, the most up-to-date information has been included in the following synopsis of federal aid programs. Guidance Counselors should contact financial aid offices for the most current guidelines.

BASIC EDUCATIONAL OPPORTUNITY GRANTS

Undergraduate students attending an institution of higher education, including nursing schools and preparatory schools, are eligible for a Basic Grant of $1,400. a year minus the amount of expected family contribution. These grants are made for four years, but, in a case where a curriculum requires five years attendance, the time limit is extended for one year. Eligibility for award includes part-time and three quarter students as well as full-time students.

The amount of the Basic Educational Opportunity Grant may not exceed 50% of the actual cost of attending an institution that year and may not exceed the total cost minus the expected family contribution.

To apply for a Basic Grant, an "Application for Determination of Basic Grant Eligibility" must be obtained, completed, and mailed to P. O. Box 2468, Washington, D. C. 20013. Within a month, the student will be notified of his eligibility index, which is calculated on the basis of a formula applied consistently to all applicants. He then submits the notification to the school of his choice which calculates the amount of his Basic Grant.

Application forms may be obtained from high school guidance counselors and student financial aid officers at institutions of post-secondary education or by writing to Basic Grants, Bureau of Postsecondary Education, Office of Education, Washington, D.C.

SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS

Known as EOG under the 1965 law, these Supplemental grants are awarded to institutions of higher education to enable qualified undergraduate students to attend college. The student must have been accepted for enrollment as an undergraduate or already a student in good standing, showing evidence of academic or creative promise and capability of maintaining good standing, have exceptional financial need, and would not otherwise be financially able to attend college.

Amount of the grant is $1,500. per year or one-half the sum of the total of the student's financial aid provided to such a student by the institution, whichever amount is less. Minimum grant is $200. No student may receive more than $4,000. in supplemental grants over a four-year period.

STATE STUDENT INCENTIVE GRANTS

These are incentive grants to states in order to assist them in making grants to students of financial need at institutions of higher education. The federal government pays for 50% of each state's allotment which is based on the number of students in attendance at institutions of higher education in the State. Grants to full-time students may not exceed $1,500. per academic year. Students must demonstrate substantial financial need, based on criteria established by the state and approved by the Commissioner of Education.

NURSING SCHOLARSHIPS

Federal scholarships are available to students enrolled in a nursing program and having financial need. Grants are awarded to each institution. Full-time or part-time students with exceptional financial need are eligible. Maximum for any student is $2,000. per year.

NATIONAL DIRECT STUDENT LOANS

Under the Higher Education Act of 1972, the National Direct Student Loans replaces the National Defense Student Loans.

Funds are made available to institutions of higher education for the purpose of making low interest loans to students who need financial aid to continue their education. The institution must contribute at least one-tenth of the Federal contribution, agree to collect the principles and interest on the loans charges for like payments.

The aggregate of the loan for a student who has completed two years of a program leading to a bachelor's degree but has not yet completed work for a bachelor's degree is $5,000. For those not completing two years, the amount is $2,500.

The student must demonstrate financial need, capable of maintaining good standing, has been accepted or is already a student at an institution of higher education, carrying at least one-half of the normal academic work load as determined by the institution.

Interest on the loan is 3% per year. Average payments on installments over a ten-year, nine month period, beginning nine months after the date on which the borrower ceases to pursue one-half the normal course of study at an institution of higher education. Interest on the loan will not accrue as long as he is at least a half-time student or after graduation is a member of the armed services, Peace Corps or Vista volunteer.

Foregiveness of loans is provided on a graduated scale for employment in Project Head-Start, teaching disadvantaged students, and military service in areas of hostility upon graduation from the institution.

NURSING STUDENT LOAN PROGRAM

Long term, low interest loans are provided for full-time or half-time students at institutions offering baccalaureate or associate degrees in nursing or to the equivalent of such a degree or to a graduate in nursing. Up to $2,500. per academic year may be borrowed by a student who is a citizen and demonstrates financial need in order to pursue their course of study.

Periodic installments for repayment are arranged over a ten-year period. Repayment period begins nine months after the student ceases to pursue full-time or half-time study. Interest rates are at 3% per year.

Cancellation at the rate of 15% for the first three years and 20% for the fourth and fifth year is available for those who enter into the field of full-time professional nursing. A total of 85% of the loan might be cancelled.

ALLIED HEALTH PROFESSION LOANS

Loans are available for the training or re-training of allied health profession personnel. Loans up to $1,500. a year with a maximum of $6,000. are available to full-time and part-time students.

Repayment must begin one year after the student graduates over a ten-year period. Interest on the loan is 3% per year.

Cancellation of the loan for those employed in allied health profession is available up to 50% at 10% a year per year full-time employment.

SOCIAL SECURITY BENEFITS

Any unmarried child, who is a full-time student between 18 and 22 years of age, and whose parent(s) are retired, deceased or disabled, is eligible for Social Security benefits. Last year 400,000 students were paid benefits of $355,000,000.

For applications, write to local Social Security office.

HIGHER EDUCATION LOAN CORPORATION PROGRAM

The Maryland Higher Education Loan Corporation makes loans (referred to in this document as GUARANTEED LOANS) available to all students attending or planning to attend an approved institution of higher learning. Assisted by the Financial Aid Officer at the institution where he plans to attend, the student completes the application form for a loan. The school certifies the student's status at the institution as well as furnishing other criteria needed to the lending agency to award the loan. These forms may be obtained from either the institution, the local bank which participates in the program, or the Maryland Higher Education Loan Corporation at its offices, 2100 Guilford Avenue, Baltimore, Maryland 21218. A fee of ½ of 1% per year on the amount of the loan for the term of the loan is paid in advance. The lender will calculate the amount of fee for the student.

Undergraduates pursuing higher education or vocational school courses may borrow up to $1,500. per year; graduate studies may borrow up to $2,000. per year. Total loans made to any student may not exceed $7,500.

Repayment begins the first day of the tenth month after the student leaves the school.

Under this plan, no notes may bear more than 7% simple interest for Federally subsidized loans. This is less than customary bank rates for installment loans. Interest starts when the loan is made and accumulates while the student remains in school. No collateral is necessary and parents need not assume financial liability for the student's loan.

For information regarding banks participating in this program, contact the Maryland Higher Education Loan Corporation - phone 383-4150.

VETERAN'S BENEFITS

Any child of a parent or parents, retired, deceased, or disabled, who served in the Armed Forces is eligible for Veterans Benefits. Please contact your local Veteran's Administration office for further information.

LAW ENFORCEMENT EDUCATION PROGRAMS

Loans of up to $1,800 a year are available to full-time students who are enrolled in programs directly related to law enforcement. Loans are repayable to the Department of Justice, Federal Government, and may be cancelled at the rate of 25% per year up to 100% for each year of employment in law enforcement after college studies.

II. MARYLAND COUNCIL FOR HIGHER EDUCATION

STUDENT TRANSFER POLICIES

PREAMBLE

The initial overarching objective of this committee has been to relate in operational ways the undergraduate programs offered in the public sector of higher education in Maryland including the Community Colleges, the State Colleges, and the campuses of the University.

The intended principal benefactor is the student who is best served by current information about programs and protected by firm arrangements among the public segments of higher education in Maryland which permit him to plan a total degree from the outset. With successful academic performance, he or she can make uninterrupted progress even though transfer is involved. The measure of the plan is maximum transferability of college level credits. Essentially, the transfer and native students are to be governed by the same academic rules and regulations. It is recognized that the guidance data essential to the implementation of transfer arrangements go well beyond the scope of the present report.

In a complementary way the State's interests are served by having its higher education resources used optimally by reducing the time taken to complete a degree through the avoidance of repeated class experiences.

The institutional interests are protected also by the systematic approach; they are relieved of the uncertainties of unplanned articulation without becoming production line enterprises.

The dynamcis of higher education preclude once-and-for-all time curriculums and perpetual grading and retention systems as cases in point. However, within the general structure of this plan there is opportunity for continual updating of the details.

In more specific ways the Committee has proceeded (1) to recommend specific areas of agreement among the public Community Colleges, the State Colleges, and the State University pertaining to facilitating the transfer of students within the segments of public higher education in the State; (2) to provide for a continuous evaluation and review of programs, policies, procedures, and relationships affecting transfer of students; and (3) to recommend such revisions as are needed to promote the academic success and general well-being of the transfer student.

POLICIES

1. Public
   Public four-year colleges and the campuses of the University of Maryland shall require attainment of an overall "C" average by Maryland resident transfer students as defined by the sending institutions as one standard for admission. If the student has two or more institutions, the overall "C" (2.0) will be computed on grades received in courses earned at all institutions attended, unless the student presents an Associate in Arts Degree.

(a) Efforts shall be intensified among the sending institutions to counsel students on the basis of their likelihood of success in various programs and at various institutions based on shared information. (See par. 1(b) and par. 9).

(b) Procedures for reporting the progress of students who transfer within the State shall be regularized as one means of improving the counseling of prospective transfer students. In addition, each public institution of higher education shall establish a position of student transfer to assist in accomplishing the policies and procedures outlined in this plan.

2. Admissions requirements and curriculum prerequisites shall be stated explicitly.

(a) Course and semester hour requirements which students must meet in order to transfer with upper division standing shall be clearly stated.

(b) The establishment of articulated programs is required in professional and specialized curricula.

(c) Students shall be strongly encouraged to complete the requirements for the award of an Associate in Arts Degree or to complete successfully 56 semester hours of credit before transfer.

3. Information about transfer students who are capable of honors work or independent study shall be transmitted to the receiving institution.

4. Transfer students from newly established public colleges which are functioning with the approval of the State Department of Education shall be admitted on the same basis as applicants from regionally accredited colleges.

5. (a) Students from Maryland Community Colleges who have been awarded the Associate in Arts degree or who have successfully completed 56 semester hours of credit, in either case in college and university-parallel courses (see par. 6), and who attained an overall "C" (2.0) average, shall be eligible for transfer. Normally they will transfer without loss of credits and with junior standing provided they have met the requirements and prerequisites established by the receiving institution within the major. Parenthetically, junior standing does not assure graduation within a two-year period of full-time study by a native student or by a transfer student.

(b) The Associate in Arts degree shall serve as the equivalent of the lower division general education requirements at the receiving institution where the total number of credits required in the general education program in the sending institution is equal to or more than that required in the receiving institution and where the credits are distributed among the arts and sciences disciplines.

(c) The determination of the major program requirements for a baccalaureate degree, including courses in the major taken in the lower division, shall be the responsibility of the institution awarding the degree.

6. Credit earned at any public institution shall be transferable to any other public

institution as long as that credit was designated specifically for a college or university-parallel program, and providing its acceptance is consistent with the policies of the receiving institution governing native students following the same program. Transfer of credits from terminal (career) programs shall be evaluated by the receiving institution on a course by course basis. Credits applied towards a specific major and minor shall be determined by the receiving institution in these cases.

7. Credit earned in or transferred from a community college shall be normally limited to approximately half the baccalaureate degree program requirement and to the first two years of the undergraduate educational experience.

8. Transfer students shall be given the option of satisfying graduation requirements which were in effect at the receiving institution at the time they enrolled as freshmen at the sending institution, subject to conditions or qualifications which apply to native students.

9. Institutions shall notify each other as soon as possible of impending curriculum changes which may affect transferring students. When a change made by one institution necessitates some type of change at another institution, sufficient lead time shall be provided to effect the change with minimum disruption. The exchange of data concerning such academic matters as grading systems, student profiles, grading profiles, etc., is required.

10. Community college students shall be encouraged to choose as early as possible the institution and program into which they expect to transfer.

11. Innovative programs in all institutions are encouraged. Proposed programs which would have system-wide implications or which would affect student transfers to more than one institution must be reported to the Maryland Council for Higher Education.

12. The Maryland Council for Higher Education Articulation Committee shall continue to review and evaluate current articulation policies and shall set additional policies as needed. In addition, the Maryland Council will publish a brochure annually listing the prerequisites within the major and professional programs of all public four-year colleges and universities in the State.

13. In the event a transfer student believes he or she has not been accorded the consideration presented in this policy statement, he shall have the opportunity to have the situation explained or reconciled.

Initially, differences of interpretation regarding the award of transfer credit shall be resolved between the student and the institution to which he is transferring. If a difference remains unresolved, the student shall present his evaluation of the situation to the institution from which he is transferring. Representatives from the two institutions shall then have the opportunity to resolve the differences.

The sending institution has the right to present an unresolved case to the Committee on Articulation by addressing the Maryland Council for Higher Education. The Committee on Articulation shall, through an appointed subcommittee, receive relevant documentation, opinions, and interpretations in written form from the sending and receiving institution and from the student. Subcommittee deliberations will be confined to this written documentation. The full committee shall act on the subcommittee recommendation.

Copies of the committee recommendation shall be forwarded to the institutions through the Maryland Council for Higher Education. The Council shall then be advised of the institutional action within a ten-day period.

A complaint on transfer status must be initiated be the student within the first semester of his enrollment in the receiving institution.

14. While it is recognized that certain circumstances may require a limitation on the size of junior classes, the State of Maryland should support four-year institutions so that all students in a transfer program who are awarded an Associate in Arts degree from a public community college shall have the opportunity to be admitted with full junior standing to a public four-year institution. Where the number of students desiring admission exceeds the number that can be accommodated in a particular professional or specialized program, admission will be based on criteria developed by the receiving institution to select the best qualified students.

III. PROFILE OF EXPENSES, ADMISSIONS AND FINANCIAL AIDS AT POSTSECONDARY EDUCATIONAL INSTITUTIONS IN MARYLAND, BY INSTITUTION

Institution: **Allegany Community College**
Box 870, Willowbrook Rd., Cumberland, Md. 21402

Contacts:

Admissions:	J. David Heatwole
Catalog Available From:	J. David Heatwole
Financial Aid:	Carl Emerick
Campus Housing:	Not Available
Phone:	724-7700

Expenses:

Yearly Tuition and Required Fees for Full-Time Students:

	In County:	$ 350.
	Out of County:	750.
	Out of State:	1450.
	Application Fee:*	10.
Other Charges:	Books and Supplies (est.):	150.
	Deposit on Tuition:	50.
	Orientation Fee:*	10.

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

Be a graduate of an accredited high school, or obtain certificate of high school equivalence by passing a high school level General Education Development Test.

Take the ACT Test and have the scores mailed to Allegany Community College.

Complete and submit the official application for admission.

Transfer Students

Satisfy the above requirements [transfer students with 12 or more semester hours of credit need not submit ACT results].

A transfer applicant who has been suspended from another college may be admitted on probation after one full semester.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

Allegany Community College

Application Dates:

Date(s) When to Apply:
- For Fall Admission: Beginning October 1, 1974
- For Spring Admission: Beginning October 1, 1974
- For Summer Admission: Beginning October 1, 1974

Cut Off Date(s) for Applications:
- For Fall Admission: First day of Class, Fall semester
- For Spring Admission: First day of Class, Spring semester
- For Summer Admission: Registration day, Summer term.

Date(s) When Notice of Acceptance is Sent:
- For Fall Admission: Feb. 1, for applications completed prior to that date.
- For Spring Admission: After October 1
- For Summer Admission: Feb. 1, for applications completed prior to that date.

Application Fee: Required.

Admission Interview: Recommended, but not required.

Deposit on Tuition: Required

Due Date: No later than day the student registers for coming term.

Housing: No Housing Available on Campus.

Early Admissions: Granted

When Admitted - Senior Year

How to Apply: Complete regular application procedure, plus obtain written approval from high school principal (early placement students are admitted as special students for the first year).

When to Apply: Spring of Junior Year.

Allegany Community College

Special Students: A person who does not meet the admission requirements but gives evidence of ability may be admitted as a special student to take courses for college credit. Such a student is not considered to be a degree candidate.

Orientation Session: Required for full-time students

Length of Session: One day

Beginning / Ending Dates of Terms:

	Begins:	Ends:
Fall	August 24, 1974	December 14, 1974
Spring	January 18, 1975	May 13, 1975
Summer	June 12, 1975	July 25, 1975

College Level Examination Program [CLEP] Credit in certain selected areas to become available during 1974-75 academic year.

Programs Available:

Degree or Certificate Programs

- Automotive Technology
- Chemical Technology
- Dental Hygiene
- Electronic Data Processing Technology
- Forest Technology
- Nursing
- Quality Control Technology
- Secretarial Science (Degree and Certification)

Admission Requirements:

New Undergraduates

Application, High School Transcript, Physical Examination, and the American College Test (ACT)

Transfer Students

A student entering from another college with a grade average below "C" will be admitted with restriction to no more than three courses (or 10 semester hours) and must achieve a Q.P.A. of 2.00 or better his first semester to remain as a student. When the student enters Chesapeake College, the College, in cooperation with the student, shall determine the course selection. The College may indicate the desirability of including remedial work in the student's curriculum. Also, the student may be restricted in his co-curricular activities. Satisfactory performance in prescribed courses and/or satisfactory submission of all credentials will remove the restrictions.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*
***First-time registrants only.*

Chesapeake College

Early Decision on Admissions: Granted: When Application is complete.

Early Admissions: Granted: Upon approval by school principal and County Superintendent.

Special Students: Basic Criteria Needed to be Considered a Special Student:

Admission as a Special Student will be granted to any candidate who submits the regular application for admission with the required $10 application fee, and who:

Is not interested in working toward the Associate of Arts degree at Chesapeake College or for one of the one-year certificates; or

Is not a high school graduate or does not hold the High School Equivalency Certificate, but is no longer a high school student; or

Is the holder of academic credentials higher than the A. A. degree or of professional credentials requiring two or more years of full-time study; or

Is a student at another institution of higher education, seeking credit for transfer to that institution (letter of approval must accompany the Application for Admission).

Special Students may enroll for any credit courses either for credit or for audit. If enrolled for credit, a Special Student will be required to do all the work in his classes and will receive an appropriate grade and credit on a permanent record.

Any Special Student may subsequently qualify for Regular Admission by meeting all the requirements stated in the paragraph on procedures at the beginning of this section.

Orientation Session: Required in first semester
Length of Session: Six weeks

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

Obtain an application form from the Admissions Office or from a High School Counselor.

File an application for enrollment and the required $10 application fee in the College Admissions Office. Checks should be made payable to Dundalk Community College. An additional application fee is not required of a student already admitted to another Baltimore County Community College. Proof of such admission is required.

All applicants are encouraged to submit transcripts of previous High School and college work. These transcripts frequently prove helpful in planning a program of studies.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

Dundalk Community College

a) If you have attended High School within the last 3 years or if you are presently attending you are required to submit your High School transcript or GED test scores. b) if you wish to have previous college credit accepted in transfer you are required to submit official college transcripts.

Transfer Students
Same as above.
Foreign Students

If you are a foreign student, you are expected to show competence in the English language by attaining a TOEFL score of 500, with a score of at least 50 in each category before your application can be formally accepted. Prior to your acceptance you must also submit a declaration and certification of finances. If you are accepted, you will be required to pay out-of-state tuition.

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

Admission to a program is granted when the College has satisfactory evidence that the applicant shows promise of completing successfully the program of study. Usually, admission is granted on the basis of the applicant's high school grades, or his previous college grades. However, such factors as admission test scores, employment records, content of the high school program, and other pertinent information may also be considered if it is to the student's advantage. Applications completed after August 20 for the Fall Semester and January 1 for the Spring Semester will be accepted only as time and space permit.

Transfer Students

Applicants from another College desiring to transfer must submit their high school and college transcripts. A student on probation at another institution may be admitted to Essex Community College on probation. A student who has been academically dismissed and one semester has not elapsed between the date of dismissal and the desired date of admission to the College must have an interview with the Director of Admissions to seek admission to the College.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

All persons seriously seeking additional education may apply for admission to the College. An "open door" policy makes possible this opportunity for further study for all interested persons. Testing and counseling are provided to assist in the selection of programs most suited to the needs of the students. Financial assistance is available for persons who otherwise might be denied the opportunity of pursuing further education. The American College Test is required of full-time applicants.

Students may attend Frederick Community College prior to graduation from high school with the recommendation and approval of the secondary school and the parents. Arrangements for this are made through the secondary school counselor with forms available from the College Admissions Office.

Foreign students whose native language is not English are required to take a test in English proficiency and attain a minimum score as designated by the Admissions and Academic Standards Committee.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

Transfer Students

Should be in good standing. An interview with a counselor for planning of academic program is recommended. A copy of transcripts should be sent to the Admissions Office for evaluation.

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

Frostburg State College encourages applications from men and women whose background shows them to be prepared to join in the life of the intellectual community. Applicants with such a background are granted admission on the basis of high school work completed, with the condition that the remaining high school work will be satisfactory. Candidates for admission to Frostburg are strongly urged to complete a college preparatory program in high school.

Transfer Students

Transfer students from a two-year or four-year college must have a 2.0 cumulative average on a 4.0 system to be eligible for consideration for admission to the College. The cumulative average is based upon all hours attempted and will be determined by the sending institution.

All fees, dates, and other information are subject to change by the institution without prior notice.

Special Students: Basic criteria needed to be considered a Special Student:

An applicant at least 17 years of age who wishes to take courses for self-enrichment or for transfer but is not working for a degree or certificate from the College may enroll for credit or audit during any semester or summer session. Special status includes students who have earned degrees beyond the associate degree or, in some cases, students not possessing a high school diploma or its equivalent. Non-high school graduates who enroll will be urged to obtain the high school equivalence certificate as soon as they meet requirements for scheduling the examination. Course load and admission to specific courses will be determined in conference with the Dean of Student Affairs or a Counselor. This classification includes students who are auditing classes.

Orientation Session: Required.

FINANCIAL AID

Available Scholarships / Grants:

Supplementary Educational Opportunity Grants: Available in limited amounts to students with exceptional financial need. Grants range up to $1,000.

Basic Educational Opportunity Grants: Applications and information available. Applicants must process applications through Federal Office of Education and if declared eligible will be awarded amounts ranging up to $1,400 for the school year. Said award will be payable through school.

Law Enforcement Education Program: Grants up to $800. per year available to students currently in law enforcement agencies. In certain circumstances, loans up to $2,200 per year may be made under this program.

Other Race Grants: Available to students that are in an ethnic minority at the institution. Grants are further based on demonstrated need and are limited to Maryland residents.

State of Maryland Scholarships to include General State, Senatorial, House of Delegates and War Orphans are processed by the Financial Aid Office after approval by the State Scholarship Board. In some instances, awards range up to $1,500 per school year.

Scholarships are available for both enrolled and new students. Most scholarships require evidence of stellar academic performance and demonstrated financial need. Scholarships range in amounts dependent on the source of the award and the need of the applicant. Entering freshmen and transfer students should have applications on file not later than April 15; all others should have their applications filed not later than June 1.

The institution additionally processes scholarships for outside public and private agencies such as the Pennsylvania Higher Education Assistance Authority.

National Direct Student Loans: 3% loans in amounts ranging up to $900 are available. Funding under this program is limited, and early submission of application is suggested.

Guaranteed Loans: Federally subsidized student loans may be secured from participating banks after certification of application by the college. Maximum undergraduate awards in Maryland are $1,500; other states vary up to $2,500.

The Federally-sponsored college work-study program offers opportunities for on and off campus employment. Additionally, a small institutionally-based work program will allow limited on-campus placement. For the 1975/76 school year. hourly rates will be $2.50 per hour. For full-time graduate students, hourly rates are $3.50.

Employment: The Federally-sponsored College Work-Study Program offers opportunities for on and off campus employment. Additionally, a small institutionally-based work program will allow limited on campus placement. For the 1975/76 school year, hourly rates will be $2.50 per hour. For full-time graduate students, hourly rates are $3.50.

Remarks: For all institutionally-based aid, the submission of a Parents' Confidential Statement or a Student's Financial Statement is a requirement for the processing of a financial aid application.

*Please Note: For these Certificate Programs, high school graduation is not required for admission and students in these programs are not eligible for many of the Federal student assistance programs.

FINANCIAL AID

Available Scholarships / Grants:

Educational Opportunity Grants are available at the Institution.

Veterans' Benefits: All training programs offered by this Institution are approved by the state approving agency for educational benefits to veterans and other eligible persons. Educational Assistance allowances are paid directly to the eligible veteran student to help defray costs of tuition and living expenses. Every possible assistance is given the eligible person in making their applications to the Veterans' Administration for benefits.

Vocational Rehabilitation: There are many jobs in the electronics industry that can be performed by the physically handicapped. This Institution has worked with the Vocational Rehabilitation Department of States, the Veterans Administration, and other similar agencies for many years, assisting their clients with physical impairments as well as other personal problems, to plan a suitable training program. This service has resulted in a large number having achieved full employment rehabilitation. Individuals who are clients of various agencies should contact that agency to ascertain their eligibility for training.

Loans:

Guaranteed Loans.

Employment:

Placement Service:

The School maintains a placement service which is available not only at the time for graduation but also at any time to an alumnus, and assistance is also given to any student seeking employment while attending the school. This is not a guarantee of such employment nor minimum starting wage. No one is authorized by the School to make such a guarantee. The School does feel a strong responsibility for placement of its students and graduates, however, and will assist in every way possible to that end.

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements: New Undergraduates

Criteria for admission are largely intellectual and academic, although any activities showing initiative and drive will strengthen an application. The academic record is important; so is the written application, which is usually 6 to 10 pages and sometimes runs to 20 or more. There are no minimums for grades or test scores, and both may be made irrelevant by the pages that the student writes. Applications are acted on as soon as they are complete, and the applicant is notified at once of the decision. There are no deadlines - first come, first served. Each applicant is judged on his own merits, not by comparison with others. New students begin as freshmen. Each year a handful enter directly from the eleventh grade. An interview is desirable but is required only in special cases.

Specific requirements include plane geometry and algebra I and II, two years of a foreign language, and college preparatory work in English, Science, and Social Studies.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

Transfer Students

Same as preceding. All transfer students start as freshmen.

Application Dates:

Date(s) When to Apply:

For Fall Admission:	Rolling Admissions Class usually filled in June
For Spring Admissions:	Rolling Admissions Class usually filled in December

Cut Off Date(s) for Applications:

For Fall Admission:	No cut-off until class is filled.
For Spring Admission:	Same as above.

Date(s) When Notice of Acceptance is Sent:

For Fall Admission:	Within two weeks of when application is complete.
For Spring Admission:	Same as above.

Application Fee: Not Required.

Admission Interview: Recommended, but not required.

Deposit on Tuition: $150 (required to secure place in class.)
Date Due: Prior to time class is filled.

Housing:

When Admitted: Junior Year or Senior Year.
How to Apply: Same as regular application
When to Apply: After first semester of Junior year.

Orientation Session: Length of Session: 2 days.

Beginning / Ending Dates of Terms:

	Begins:	Ends:
Fall:	September 5	May 20
Summer:	May 31	August 6

College Level Examination Program [CLEP] : Credit Through Program is Not Available.

Programs Available: Degree or Certificate Programs

A rigorous and unified curriculum based on the reading and discussion of the Great Books of our intellectual tradition. Each of the two campuses — Annapolis, Maryland, and Sante Fe, New Mexico — limits its total enrollment to 400 students. Classes are small (10-15 students for each Tutor, as the faculty members are called) and each student is an active participant in his own education — there are no lecture courses, no written exams, no emphasis on grades. The curriculum consists of one year of music theory and four years of languages, mathematics, laboratory science, and seminar discussions of the great works of literature, philosophy, theology, history, psychology, political philosophy, economics. St. John's is a co-educational College with no religious ties. Founded in 1696, it is the third oldest college in the country.

FINANCIAL AID

Available Scholarships / Grants:

Educational Opportunity Grants are available at the Institution.

Maryland Senatorial Scholarships; Maryland Delegate Scholarships; Maryland General Scholarships.

Institutional Scholarships or Grants are numerous in varying amounts depending upon the need of the individual student. Students must apply before April 30. Either the CSS or ACT is required to determine financial need.

Loans:

National Direct Student Loans are available at the Institution up to $1,250 each.

Guaranteed Loans. Short-term emergency loans are available at the Institution up to $15.

Employment:

On-campus employment opportunities are limited to students who qualify for financial aid; jobs for such students are guaranteed with typical beginning salary of $1.90 per hour.

Off-campus employment is described as "fair".

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

High School academic program should indicate at least a "C" average and include 4 units of English, 3 units of social studies, 2 units of mathematics, and 2 units of laboratory science. Upon entrance to St. Mary's, a student should have obtained a high school diploma with a minimum of 16 units or have passed the High School Equivalence Examination administered by the State Department of Education. Scholastic Aptitude Test scores required.

E.P.I.
Students must also demonstrate their level of proficiency in written English prior to their registration at St. Mary's College. They may submit the results of the Subject Examination in English Composition (College Level Examination Program - CLEP) administered by the College Examination Board or the College Board's Achievement Test in English Composition.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

Students who have not taken either of these examinations prior to arriving at the College will be administered the English Composition Test of the College Placement Tests during Freshman Orientation. A fee will be charged students who elect to take the examination after they arrive on campus.

Transfer Students

Thirty transferable credits, i.e., overall "C" average required (2.0 gpa, 4-point scale) in courses comparable to those offered at St. Mary's. If less than 30 transferable hours, then the student is required to meet all the requirements of the first-year student.

Application Dates:

Date(s) When to Apply:

For Fall Admission: Recommended September through March

For Spring Admission: Recommended September through November 15.

For Summer Admission: April 15 through start of summer term

Cut Off Date(s) for Applications:

For Fall Admission:	Recommended - April 15
For Spring Admission:	Recommended - November 15
For Summer Admission:	Until the start of the semester. Inquiries should be directed to: Associate Dean, Special Programs

Date(s) When Notice of Acceptance is Sent:

For Fall Admission:	Semi-Rolling Admissions Policy
For Spring Admission:	Semi-Rolling Admissions Policy
For Summer Admission:	Open Admissions

Application Fee: Required.

Admission Interview: Recommended, but not required.

Deposit on Tuition: Required.

Date Due: Approximately 30 days after admitted.

St. Mary's College of Maryland

Housing:

Availability:
On-Campus: - Not Critical
Off-Campus: - Critical
When to Apply:
On-Campus: - Indicate on Admissions Application (4/15).
Off-Campus: - Student is responsible for finding his own off-campus housing.

Deposit on Room and Board:

Required.
Date Due: Approximately 30 days after accepted.

Early Decision on Admissions:

Granted.
When to Apply: Before November 1.
Date(s) When Notice of Acceptance is Sent: December 15

Early Admissions:

Granted.
When Admitted: Junior Year

How to Apply: Applicant must have completed requirements for High School graduation or must have approval from High School to graduate from High School after completing first year of college. Must submit high scores on the SAT, submit application form for admission, be highly recommended by High School counselor or principal and plan to be interviewed by St. Mary's College faculty and students.

When to Apply: February 1 and October 1.
Early application strongly recommended.

Special Students:

Basic criteria needed to be considered a Special Student:

A special student may register for fewer than 12 hours of course work at St. Mary's at a cost of $25. per credit hour. An applicant must be a high school graduate or have passed the GED. He need not formally apply for admission but should contact the Director of Records. If the applicant completes 11 hours, however, he must formally apply for admission and pay a $10. application fee in order to continue to attend St. Mary's.

Orientation Session:

Required.
Length of Session: 2 to 3 days.

St. Mary's College of Maryland

Beginning / Ending Dates of Terms:		Begins:	Ends:
	Fall:	September, 1974	December, 1974

Campus Housing: .... Available
Telephone: .... (301) 742-7929
Financial Aid Officer: .... Phyllis Forsch

Expenses:

Cosmetology Course of instruction for Maryland operator is 1500 hours, or 9 months; Jr. Manager is 2000 hours or 12 months. West Virginia operator requirements are 2000 hours, or 12 months. Pennsylvania requirements are 1500 hours, or 9 months.

Students must have proof of at least a high school education or equivalent. Non-high school graduates are admitted as special students if they deserve merit or special consideration. These special students are given special training by the school's instructors. Students must be free of contagious diseases. School is in session from 8:30 a.m. to 5:00 p.m., Tuesday through Saturday.

We have a registration fee of $15.00. The tuition is listed below for the two different courses of instruction. In addition, each student purchases a kit of professional implements at a cost of $159.65, and accident insurance at $7.80 per school term.

We have a CASH PLAN and a MONTHLY PAYMENT PLAN.

The charges for the CASH PLAN are:

1500 HOURS		**2000 HOURS**	
$ 15.00	Registration Fee	$ 15.00	Registration Fee
159.65	Kit, Manikin, Text Book, Work Books, Polish Kit & Permanent Wave Rods	159.65	Kit, Manikin, Text Book, Work Books, Polish Kit & Permanent Wave Rods
6.39	Sales Tax	6.39	Sales Tax
7.80	Insurance	7.80	Insurance
660.03	Tuition	880.08	Tuition
848.87	Total	1068.92	Total

The Registration Fee of $15.00 is paid when the student completes a Registration Blank, and returns it to Del-Mar-Va Beauty Academy, which then holds a place for the student in that class. Upon entering school the first day, the balance is paid.

The charges for the MONTHLY PLAN are:

1500 HOURS		**2000 HOURS**	
$ 15.00	Registration Fee	$ 15.00	Registration Fee
129.55	Kit, Manikin, Text Book Work Books, Polish Kit & Permanent Wave Rods	129.55	Kit, Manikin, Text Book Work Books, Polish Kit & Permanent Wave Rods
5.18	Sales Tax	5.18	Sales Tax
7.80	Insurance	7.80	Insurance
524.70	Tuition	699.60	Tuition
$682.23	Total	$857.13	Total

The Registration Fee of $15.00 is paid when the student registers for school, and completes a registration blank. Upon entering school, the first day, payments for the kit, manikin, text books, work books, polish kit and permanent wave rods and insurance, along with the first month's tuition ($58.30) are required. Then, each month for the next eight or eleven months (depending on course), a payment of $58.30 is required for the tuition.

FINANCIAL AID

Available Scholarships / Grants:

Federal Program

Basic Educational Opportunity Grants (BEOG), applications available through UMBC in April. Grants are available to eligible students whose initial post-secondary experience occurs after April, 1973.

Supplemental Educational Opportunity Grant (SEOG) is available through UMBC*.

UMBC Programs

Student Scholarships up to $1,000. for students demonstrating exceptional financial need*.

Scholastic Merit Scholarship is valued at fixed charges for one or two semesters depending on financial need. Based on outstanding grades and college contributions. Upperclass students are chosen by a selection committee.

Scholastic Achievement awards are valued at fixed charges for up to eight consecutive semesters. Students are selected through the Office of Minority Recruitment from academic achievement information submitted to the institution by the high school or transfer college. Open to freshmen and transfer students only.

Scholars' Prize Awards are valued at fixed charges for two consecutive semesters. Incoming freshmen are chosen by a faculty committee on the basis of academic achievement. Contact the Admissions Office for applications.

Limited Athletic Awards are available through the Office of the Director of Physical Education and Athletics.

Pharmacy Scholarships are awarded in cooperation with the City Campus Pharmacy School UMAB.

State Programs

Maryland Senatorial Scholarship; Maryland Delegate Scholarship; Maryland General Scholarship; War Orphan Scholarship, and Vocational Rehabilitation Scholarship. All require that students file specific applications with agencies involved.

Loans:

Federal Programs

National Direct Student Loan is available through UMBC*.

---

*See footnote next page.

UMBC Programs

Short term no-interest Emergency Loans are available at the institution. Loan amounts range from $25 - $300. Emergency loan must be repaid in 30 or 60 days. Students use special applications available at the Financial Aid Office.

State Programs

Maryland Higher Education Loans up to $1,500. are available in coordination with the lending institution and UMBC.

Employment:

Federal Programs

Work-study program* is available to needy students on an average of 15 hours per week. Beginning salary of $2.00 per hour.

UMBC Labor and Assistance Program

Employment directly through individual department is available to students upon enrollment on a part-time basis. Beginning salary $2.00 per hour.

**The normal financial aid application is required. Parent's Confidential Statement, plus supplementary UMBC form is due by March 1. In some cases for married and older students the Student's Financial Statement is suggested. Students are encouraged to seek financial aid counselor's advice before mailing student financial statement.*

Students may apply after March 1, but will be considered only with remaining funds.

ADMISSIONS

(Following Data Pertain Only to Undergraduate Programs)

Admission Requirements:

New Undergraduates

University College aspires to serve persons whose home and work activities and responsibilities prevent them from attending college in a conventional manner. The College has developed curricula and programs which meet the needs of such students and it has arranged course offerings and class schedules in a variety of ways to provide considerable flexibility. These include evening and weekend programs and the Open University at various campuses and throughout the State.

Specifically, University College is committed to providing traditional and non-traditional opportunities for continuing education that stimulate the student's intellectual life, promote his career, and develop his sense of individual and community responsibility.

All fees, dates, and other information are subject to change by the institution without prior notice.
**Payment of this fee is a one-time only charge.*

University College (Continuing Education)

No Post-Secondary Education:

High School graduation or equivalent based on University of Maryland GED score requirements is the minimum requirement for special admission status if classified as an adult. Students seeking regular admission status must meet standard requirements of the University. Students not classified as adults must have high school graduation, with a "C" or higher average and rank in the upper half of the graduation class or predict at least a 1.75 grade point average or have achieved the GED equivalent with scores based on University of Maryland GED test score requirements and be at least 17 years of age.

Transfer Students:

Meet the standards described above and have good standing at the last institution attended if classified as an adult and a cumulative 2.0 ("C") average on all college work attempted or two full semesters must have elapsed since last enrollment.

Admissions Procedures:

Students may apply at any time by obtaining application forms from the University College Office of Admissions and Registrations or at the time of initial registration. Students seeking financial aid and foreign students should apply prior to scheduled registration dates.

Transcripts:

Required for degree-seeking students.

Application Dates:

Date(s) When to Apply:

For Fall Admission:	Prior to or at time of registration.
For Spring Admission:	Prior to or at time of registration.
For Summer Admission:	Prior to or at time of registration.

CATALOG NOTE:
The Undergraduate Catalog is available in most public libraries and in the offices of most high school counselors in Maryland. Unfortunately, the Undergraduate Catalog is not a free offering to the public and cannot be sent on request. Newly admitted students will receive a copy in the mail in either the spring or the summer.

The Office of Admissions does distribute a free booklet entitled "Maryland: A Student Prospectus". *This provides prospective applicants with information regarding admission requirements and general information concerning the academic and social activities of the campus. To request a copy of the publication, write to the Office of Admissions.*

ADMISSIONS

(Following data pertain only to undergraduate programs)

Admission Requirements:

New Undergraduates

The University of Maryland is a publicly supported land grant institution dedicated primarily to the educational needs of Maryland residents. Within its responsibilities as a State facility, the University attracts a cosmopolitan student body. Each year a small number of promising men and women from other states and jurisdictions are offered admission. Forty-eight of the fifty states and ninety foreign nations are represented in the undergraduate population.

I. FRESHMEN - MARYLAND RESIDENTS

In order to be admitted, freshman applicants who are Maryland residents must meet ONE of the following THREE criteria for admission:

A. Have a "C" average in academic subjects in the 10th and 11th grades and rank in the top half of the high school graduating class.

OR

B. Present a satisfactory combination of academic grade point average and total SAT examination results. For self-determination of eligibility, students are urged to consult the chart printed in "Maryland: A Student Prospectus."

OR

C. Present a satisfactory combination of academic grade point average and high school class rank. For self-determination of eligibility students are urged to consult the chart presented in "Maryland: A Student Prospectus."

Use of Mid-Year Grades

The University will reserve a decision on the applications of Maryland residents who do not meet the criteria outlined above until mid-year grades are available for the senior year in high school. The College Park campus is unable to utilize the final high school marks in rendering decisions for applicants who are applying for admission directly from high school.

If mid-year grades for the senior year in high school are available when the application is initially considered by the College Park administration staff, they will be used in determining your eligibility for admission.

Other Requirements for Freshmen Applicants

The University requires freshmen to earn a high school diploma prior to their first registration at the University.

The SAT examination is required of all freshmen applicants. Test results must be sumbitted *directly* to the College Park campus by the Educational Testing Service.

SPECIAL SITUATIONS

The above admissions criteria have been developed primarily for the freshman applicant who will graduate in June 1975 or who has recently been graduated from high school. The University recognizes that the above criteria may not be entirely relevant for applicants from the State of Maryland who have had military experience and/or have worked for two or more years. If this situation is applicable, we call attention to the following:

1. *High School Equivalence Examination* -

Maryland residents who are at *least 19 years of age and have not* received a high school diploma can be considered for admission by presenting the high school General Educational Equivalency certificate. In order to be admitted to the College Park campus, the applicant must present an average score of 50, with no score below 40 on any of the five parts of the test or a minimum score of 45 on each of the five parts of the test.

2. *Maryland Residents Who Have Graduated From High School*

Maryland residents who do not meet the admissions requirements outlined above for freshmen applicants should contact a counselor from the Office of Admissions. The counselor will assist the applicant in evaluating the possibility of admission at College Park and will offer suggestions regarding the student's plans to attend college.

II. TRANSFER STUDENT ADMISSION

UNDERGRADUATE STUDENTS TRANSFERRING FROM OUTSIDE THE UNIVERSITY SYSTEM

A student who has attended any institution of higher learning following graduation from high school and attempted nine or more credits must be considered for admission as a transfer student.

General Statement

Students who were eligible for admission as high school seniors and who are in good academic and disciplinary standing at their previous institutions are eligible to be considered for transfer. Maryland residents must have a "C" average in all previous college-level work to be admitted. Non-resident transfers are considered on the basis of competitive criteria.

Those Not Admissable as High School Seniors

Maryland residents who are not admissible as high school seniors must complete at least 28 semester hours with a "C" average at another institution before applying for transfer admission.

Transfer Students From Maryland Public Community Colleges

Maryland residents who attend Maryland public community colleges will be admitted after they have received the Associate of Arts degree or completed 56 semester hours with a "C" average. The University will use the average stated on the transcript by the sending institution. In cases where there is more than one previous institution, the averages at all institutions attended will be cumulative. Where the number of students desiring admission exceeds the number that can be accommodated in a particular professional or specialized program, admission will be based on criteria developed by the University to select the best qualified students.

Exception to the 56-hour rule will be made for a student attempting to transfer into a program which is not available at the student's community college in a full two-year program. In order to be admitted to the College Park campus as an exception on the two-year rule, the applicant must obtain a letter from the transfer advisor at his/her community college recommending that the University waive the two-year requirement in his/her case because of problems with obtaining sufficient major program courses.

School of Architecture

Admission to the School of Architecture in the Division of Arts and Humanities is competitive with selection based on the transfer student's or freshman applicant's previous academic achievement.

Because of space limitations, all architecture applicants are encouraged to file an application by March 1. The School of Architecture does not accept entering students for the spring semester.

THE OUT-OF-STATE APPLICANT

The University is very pleased to consider applications from students who are not residents of the State of Maryland. Because the primary obligation of the University of Maryland is to Maryland residents, however, the number of out-of-state students who can be admitted is limited. The typical out-of-state freshman or transfer applicant presents better than average credentials in terms of his high school or previous college work.

Application Dates:

Date(s) When To Apply:
For Fall Admission: October 1
For Spring Admission: June 1
For Summer Admission: October 1

Cut Off Date(s) for Applications:
For Fall Admission: August 1
For Spring Admission: December 1
For Summer Admission: Will accept applications through registration.

Date(s) When Notice of Acceptance is Sent:
For Fall Admission: Early Decision Applicants
First group of admit letters for early decision applicants sent on approximately November 1, 1974; rolling basis thereafter.

Other Applicants
First group of admit letters sent on approximately February 24, 1975; rolling basis thereafter.

For Spring Admission: First group of admit letters September 1, 1975; rolling basis thereafter.

For Summer Admission: Same as Fall.

Application Fee: Required.

Admission Interview: Not Required.
Check special conditions for architecture and music.

Housing: Availability:
- On-Campus - Critical Shortage
- Off-Campus - Critical Shortage

When to Apply:
- On-Campus: Housing application enclosed with admit letter
- Off-Campus: As soon as admitted to the University

Deposit on Room and Board: Required.
Date Due: Within 10 days after receipt of Housing contract.

Early Decision on Admissions: The College Park campus does not offer an early decision in the traditional sense. The campus does, however, offer a personal decision program and an early decision mail deadline that ensures a prompt decision for both freshmen and transfer applicants for the Fall 1975 semester. The application packet for the Fall 1975 semester will contain details on this option.

Early Admission: Granted.
When Admitted: Junior Year
How to Apply:
The College Park campus of the University of Maryland will consider applications from high school students who plan to graduate in three years providing: 1) they have their diploma before their first enrollment, 2) they meet the published deadlines for admission, and 3) they have taken the SAT examination in their Junior year.
When to Apply: Regular dates as listed above.

University of Maryland College Park

Special Students:

Applicants who qualify for admission but do not desire to work toward a baccalaureate degree may be admitted as non-degree seeking (special) students.

Special students who have received a baccalaureate degree are advised that no credit earned while enrolled as special students may be applied at a later date to a graduate program. These post-baccalaureate students may enroll in undergraduate courses for which they possess the necessary prerequisites, but may not enroll in courses restricted to graduate students only.

Non-degree seeking (special) students who do not have a baccalaureate degree or an R.N., must submit transcripts and meet regular admission standards. Transcripts are not required from students with baccalaureate degrees or an R.N..

Because of space limitations, several departments require permission in advance to enroll as a non-degree student. Please contact the Office of Admissions for further information.

Orientation Session:

Required.

Length of Session: 1 or 2 days.

Strongly recommended for all students.

Beginning / Ending Dates of Terms:

	Begins:	Ends:
